# Step by Step Guide of Cleaning Brushes

## *beautiful brushes*

wash your makeup brushes  
**in 4 easy steps:**

- 1.** Run the bristles of the makeup brush under warm running water, avoiding the handle.
- 2.** Apply a small amount of shampoo to bristles and work into a light lather.
- 3.** Rinse bristles thoroughly under running water and continue rinsing until water runs clear.
- 4.** Gently squeeze excess water out of bristles and place on a level surface to air-dry before next use.
